Our group sizes are based on the recommended NGB coaching ratios. All training sessions can be tailored to suit your requirements & learning outcomes. For greater numbers of participants, please enquire.

We can adapt sessions & awards to suit Key Stages 2-4, GCSE PE, uniformed organisation awards, Duke of Edinburgh award, etc. We appreciate that the session needs to fit in with your school or group timetable & we can work around shorter or longer session lengths, however, 2 hours is the minimum chargeable for a one-off booking.

We welcome people with special educational needs & disabilities, however, please discuss your group's needs with us when booking so that we can make sure they can be accommodated. We do not have wheelchair access or WWC / changing facilities. To ensure safety and inclusion, we may need to provide additional instructors / coaches & will pass this on at cost price
